OMPHILE MOLEFE MAANO

Junior IT Systems Developer | Web & Cloud Fundamentals

SKILLS

- SQL Database Management & Queries
- Data Capturing & Records Management
- Data Accuracy & Integrity
- Desktop & Peripheral Troubleshooting (Windows/macOS)
- System & Network Support (LAN/WAN, TCP/IP)
- Hardware Maintenance & Repair
- Microsoft Office 365 (Excel, Access, Word)
- Google Workspace (Docs, Sheets, Drive Management)
- Basic Scripting (Python/Bash)
- Cloud Fundamentals (AWS)
- Web technologies (HTML5, CSS3, JavaScript)
- Front-end foundations (React); CMS and game engine exposure (WordPress, Unity).

EXPERIENCE

DIGITAL PRINTER OPERATOR 03/2022 to 06/2024
Justagz and Labels, Krugersdorp, South Africa

- Maintained LAN connectivity and data integrity between workstations and servers, ensuring accurate and reliable information flow.
- Provided first-line troubleshooting and routine maintenance on Roland large-format printers, reducing production downtime.
- Installed and supported CorelDRAW, Adobe Illustrator, and VersaWorks on multiple Windows workstations.
- Ensured data accuracy and quality control in all operational processes, demonstrating strong attention to detail.
- Streamlined production processes for improved efficiency and faster turnaround times.
- Performed regular software updates on digital printers to maintain optimal functionality and security measures.
- Developed strong relationships with vendors, securing favorable pricing on supplies and materials for the company''s benefit.
- Managed inventory of supplies, ensuring timely reordering and minimal waste.
- Assisted clients with file preparation, ensuring optimal print results based on their specific needs.
- Collaborated with graphic designers to ensure accurate color matching and high-quality prints.
- Coordinated with other departments to ensure seamless integration of printed materials into final products or campaigns.

PRACTICAL EXPERIENCE

- React To-Do List App (Individual Academic Project, 2025): Built an interactive React application with task management features, implemented front-end state management using React Hooks (useState, useEffect), and planned Node.js backend integration for

- Movie Store Web App (Group Academic Project – Final Year, 2021): Developed a web application with an SQL database backend, handling data entry, retrieval, and management operations while ensuring database integrity and front-end integration as part of formal coursework.
- Technical Experience (Academic / School-Based, 2020): Gained hands-on experience configuring computer systems, providing IT support and troubleshooting for hardware, software, and networks, assisting with software installation and system maintenance, and delivering team-based technical projects under academic deadlines.

CORE COMPETENCIES

- Problem solving
- Communication
- Time management
- Team collaboration
- Attention to detail
- Willingness to learn

CERTIFICATIONS

- CIW Web Design Specialist
- CIW Web Foundation Associate
- CIW E-Commerce Specialist
- CIW Web Design Professional
- AWS Solutions Architect – Associate – In Progress (Cloud architecture, AWS core services, deployment best practices)

EDUCATION

CTU Training Solutions, Potchefstroom, South Africa
National Diploma / Higher Certificate, IT / System Development, 01/2022
NQF Level: 5

Realeka Secondary School, Ottosdal, South Africa
High School Diploma, 12/2017
